They embrace the views of the three great parties in England--Whig, Tory, and Radical.-"Blackwood" and the "London Quarterly" are "Tory; the "Edinburgh Review," Whig: and the "Westminster," Radical. The "Foreign Quarterly" is purely literary, being devoted principally to criticisms on foreign Continental Works.

It is highly recommended for open or ulcerated Scrofula and Leprosy. No class of diseases have ever been considered more difficult to cure than those of a cutaneous kind, and it will be conceded by all intelligent and candid physicians, that a knowledge of the nature and successful treatment of them is very limited and imperfect. It is notorious that many of these disorders have generally resisted all the ordinary means of cure. Hence the opinion so commonly prevalent, that they are incurable, and it is probable that before the discov ery and introduction of Beatson's justly celebra-ted remedy this belief was well founded.
